TL;DR

The US market saw a significant surge yesterday, led by the tech sector, with the `NVDA` stock rising by +2.56% and `AVGO` gaining +6.61%. This move was largely driven by the positive sentiment in the market, with investors looking to tech as a safe haven. Below the surface, however, there are concerns about the impact of the recent rate hikes on the economy, with the `10Y Yield` dropping by -1.26%.

Despite these concerns, the market remains bullish, with the `S&P 500` closing at `7,736.52`, up +1.79% from the previous day. The `Dow Jones` also saw a significant gain, rising by +1.71% to close at `54,085.88`. As we look ahead to today's session, it will be important to keep an eye on the `VIX`, which rose by +4.04% yesterday, indicating increased volatility in the market.
