What Could Break the Tape

BEARISH TRIGGERS

A downturn in the global economy, led by a slowdown in China and the US, could negatively impact the market. Additionally, a rise in interest rates by the Fed could lead to a decrease in consumer spending and borrowing.

BULLISH TRIGGERS

A strong earnings season, with companies beating analyst expectations, could lead to a surge in the market. Furthermore, a resolution to the US-China trade tensions could boost investor confidence and lead to increased investment in the market.
