

US Stocks Rally as Tech Leads with +3.36% Nasdaq Gain

A 5-minute read of yesterday's US session and today's catalysts — what to watch before pre-market opens at 21:30 HKT.

2-3 page read • Topics: Macro • Geopolitics • Earnings

TL;DR

The US market saw a significant rally in the last session, led by the tech sector, with the **Nasdaq 100** closing **+3.36%** higher at 28,106.35. This surge was largely driven by strong performances from large-cap tech stocks, including **MSFT** which gained **+15.51%** and **NVDA** with a **+2.65%** increase.

Today, investors will be watching for further developments in the tech sector, as well as macroeconomic indicators and geopolitical events that could impact the market. The **Dow Jones** and **S&P 500** also saw gains, closing **+1.19%** and **+1.66%** higher, respectively.

US Session Recap

Earnings — What to Watch

WHEN	TICKER	WHAT TO LOOK FOR
Today	AAPL	Q2 earnings and revenue growth
Tomorrow	GOOGL	Ad revenue and cloud growth

Stocks Worth Watching

- **NVDA** — upcoming earnings report
- **TSLA** — production and delivery numbers
- **JPM** — financial performance and outlook
- **GS** — trading revenue and investment banking
- **AMZN** — cloud growth and e-commerce sales

What Could Break the Tape

BEARISH TRIGGERS

Potential risks to the market include a global economic slowdown, ongoing trade tensions, and rising interest rates. A downturn in the tech sector could also negatively impact the overall market.

BULLISH TRIGGERS

On the other hand, strong earnings reports, continued growth in the tech sector, and a resolution to trade tensions could propel the market higher. A decrease in interest rates could also boost investor sentiment.
