What Could Break the Tape

BEARISH TRIGGERS

A global economic downturn, led by a recession in the US, could lead to a sharp decline in stock prices. The ongoing trade tensions between the US and China, as well as the COVID-19 pandemic, could exacerbate the situation.

BULLISH TRIGGERS

A strong earnings season, with major companies beating expectations, could lead to a surge in stock prices. The continued growth of the cloud computing segment, as well as the increasing adoption of electric vehicles, could drive the market higher.
