09:30	MSFT	Azure growth, AI licensing revenue
10:00	JPM	Net interest income, loan-loss provisions
10:30	XOM	Upstream earnings, capital spending

Stocks worth watching

- **TSLA** – price action after recent production ramp-up.
- **META** – recovery risk after earnings miss.
- **XLE** – energy ETF poised for rebound if oil stabilises.
- **XLF** – banks testing higher rates, watch net interest margins.
- **NVDA** – momentum continuation post-beat.

What could break the tape

BEARISH TRIGGERS

- Unexpected rise in CPI (>0.3% MoM) could spur another rate hike.
- Geopolitical escalation in the Middle East pushing oil above \$100.
- Weak earnings from **AAPL** or **MSFT** breaking consensus.

BULLISH TRIGGERS

- Better-than-expected PCE data indicating cooling inflation.
- Continued strength in AI-related earnings, especially **NVDA**.
- Eurozone data showing deeper recession, prompting Fed dovishness.
