## Earnings — What to Watch

---

| WHEN        | TICKER      | WHAT TO LOOK FOR                    |
|-------------|-------------|-------------------------------------|
| 29 JUL 2026 | <b>AAPL</b> | Q3 earnings and revenue growth      |
| 30 JUL 2026 | <b>MSFT</b> | Cloud computing segment performance |

## Stocks Worth Watching

---

- **NVDA** : Upcoming earnings report and potential impact on the semiconductor industry
- **TSLA** : Recent stock price volatility and developments in the electric vehicle market
- **JPM** : Strong earnings report and its implications for the banking sector
- **GS** : Earnings report and its impact on the financial services industry

## What Could Break the Tape

---

### BEARISH TRIGGERS

Potential downturn in global economic growth, leading to decreased demand for goods and services. This could result in a decline in stock prices, particularly in industries heavily reliant on international trade.

### BULLISH TRIGGERS

Strong earnings reports from major companies, indicating a robust corporate performance. This could lead to increased investor confidence, driving stock prices higher and potentially triggering a market rally.
