Stocks Worth Watching

- AAPL - upcoming product launches
- AMZN - expanding cloud services
- TSLA - electric vehicle demand and production
- GOOGL - advertising revenue growth

- **NVDA** - AI and gaming segment performance

What Could Break the Tape

BEARISH TRIGGERS

Potential risks to the market include a surge in inflation, leading to higher interest rates and decreased consumer spending. Additionally, ongoing geopolitical tensions could lead to increased volatility.

BULLISH TRIGGERS

On the other hand, a strong earnings season and continued growth in the tech sector could drive the market higher. Furthermore, a resolution to global trade disputes could lead to increased investor confidence.
